DETRACTION.

Among the minor vices of society, there is none so prevalent as that of detraction—the practice of picking at and exposing the foibles and faults of others and ascribing to them thoughts, feelings and motives of which perhaps they are entirely innocent. It cannot be denied that the vice is common in this community. Alas, how common! How many of our readers feel competent to vouch for an individual or their acquaintances, as innocent of all bearing, tongue-lashing and of harboring and sometimes breathing unlawful suspicions of associates or neighbors! How many are prepared to vouch for their own perfect innocence in this respect? It is to be hoped there are few who, if pressed for a reply would not prefer to change the subject. It is a rather disagreeable subject; it is always disagreeable to admit one's faults, particularly so to confess in public, nor is it wholly proper to do so, nor morally binding to confess to all, save to God. But, alas! for the rarity of Christian charity where Sabbath bells forth their sweet injunction of sympathy and affection for all! How lost upon the desert air their heavenly, melodious teachings, how vainly commingled in their hallowed pealings the instructive voice of grace, when bitterness, evil-speaking, exaggeration and unjust suspicion are the rule of social life! Ah, my friends, why not be as well as Turks as Christians? Why not better, since surely it were better to be a better, less sacred than that upon which Divine Partiality has so long struggled to rest. What manner of excuse may be invented for evil-speaking? How may the most ingenious brain frame an extenuating thought for a practice so unkind, unjust, unrighteous? Can the wayward be weaned from perverseness by publicly exaggerating and branding their faults? Can the erring be reclaimed by the derisive jibes of their entire circle of humanity by which they are surrounded? Can the moderately faithful who surround the standard of Christ, be made more faithful, watchful and jealous of their care by having their sincerity of belief assailed, their motives aspersed, their domestic lives belied, and their very household gods silenced by the arrows of detraction? Alas, it is this archery of detraction, that blights the true charms of social life, drives up the heart's best currents, and turns the soul's affections from the worship of God! How false to humanity are they who indulge in this abominable diversion (for diversion society appears to regard it) which severs the bonds of social unity, creates dissensions and engenders impurity and dissension. How widely they depart from life's true mission, how recklessly they disregard its obligations and duties! To achieve one's mission on the earth, is to strive to walk uprightly, to love our neighbors as ourself, and to speak well of them or not speak of them at all, and to pray for the wisdom and goodness necessary to guide our earthly steps aright, and to qualify us, at last, for the realization of our heavenly aspirations. For it is plain that man is a progressive being and created for perpetual upward progress. It is equally plain—alas, far plainer that his natural tendency is to proceed downward; but that the infinite heavens shining above him, and God's grace extending over him, there is room and hope for all.

SARSAPARILLIAN!
(PREPARED FROM VACUO.)
The Curative Principle of Sarsaparilla enters largely into the composition of

R. R. R. R.
RESOLVENT.

One Bottle of Resolvent Better than Ten Large Bottles of Sarsaparilla.

One Bottle will Purify the Blood, and Expel Corruption from the Body!

So swift is this remedy in entering into the circulation, that it has been detected in the blood and urine in six minutes after it has been taken.

1 BETTER THAN 10

R. R. R. Resolvent cures with astonishing rapidity every form of Chronic, Scrofulous and Skin Diseases, and exterminates all corruption from the human system.

One bottle of Dr. Radway's Renovating Resolvent contains more of the active curative principles of the best Jamaica Sarsaparilla, (Sarsaparilla), than Ten of the largest size bottles of the mixture sold under the name of Sarsaparilla.

The process adopted by Dr. Radway in securing extracts (prepared in vacuo) of Medicinal Roots, Plants, Herbs, and other vegetables possessing great curative properties over Scrofula, Chronic, Syphilis and skin diseases, that enters into the composition of the Renovating Resolvent, produces only the BEST OF THE pure extract out of 20 lbs of crude roots. The inert matter that enters so generally in the large bottle mixtures and prepared under the official or pharmacopoeia formula, is, by Dr. Radway's process, cast aside as rubbish.

The tenfold power of the Resolvent is sufficient for a dose for all Skin, Salt Rheum, Pimples, Bores, Sores and Eruptions of the Skin, Humors in the Blood, Eruptions, Nodes, Ulcers, Ears, Sore Eyes, Strumous Discharges from the Ear, Ophthalmia, Itch, Scald

DUTCH FLAT ENQUIRER.

DREAMY DARK-BROWN EYES.

Dream, dark-brown eyes,
Tenderly liquid bright.
Like summer evening skies,
Like starry, still twilight—
Ah me! I love those eyes.

Bright poetic eyes,
What are you looking now?
On the gleam, and the ivory brow—
Ah me! I love those eyes.

Quickly knowing eyes,
They have read my anxious heart,
The hopes that in it rise
And form of life a part—
Ah me! I love those eyes.

Disturbed, perplexed eyes,
Flashing with maiden fire,
Like Dian's, when surprise
Startled her virgin choir—
They kill me, those proud eyes!

Lately changing eyes,
With underflowing bright,
Foretelling sweet destinies,
Radiant with sweet love-light—
How much I love those eyes!

Darkness-dispelling eyes!
Chasing life's gloom away,
As the midnight presence dies
And yields the place to day,
How much I love those eyes!

Loving, earth-hallowing eyes,
Guiding me gently home,
Still the doubts that rise,
Slaying the steps that roam,
Spirit-saving eyes!

Tender and truthful eyes,
Ever radiant with love-light,
Till like stars in summer skies
They brightly pass from sight,
In the gladdened eye to rise.

Shining, immortal eyes!
Too lovely to close in night,
Giving me fond replies
To strengthen, till all is bright—
How I love those bright-brown eyes!

First young lady of eight summers—
"Say, George, when you are a great big
lad and get married, will you do
it?"

George—"Oh, I expect I'll get up
a sewing circle, and go to the water cure,
and have lots of jewelry. What will you
do, sis?"

"Oh, me! I'll have a nice young man,
with beautiful whiskers come to see me
and my husband, you know, he'll get mad,
and I'll cry and go to Chicago and sue for
a divorce, and it will be all in the papers,
and the reporters will say that I'm a pale
and spiritual-looking lady, and my husband
is a brute; that'll be so nice."

PREPARATIONS are being made by the
officers of the various agricultural societies
throughout the State for exhibitions
to take place this fall which shall greatly
surpass any previous effort in that direction.

The best spirits for daily use—oxy-gin.

MEDICAL.

THE SCIENCE OF HEALTH!

Every Man His Own Physician.

HOLLOWAY'S PILLS.

And

HOLLOWAY'S OINTMENT!

Disorders of the Stomach, Liver and Bowels.

The Stomach is the great centre which influences the health of the system—Abused, or debilitated by excess—indigestion, offensive breath and physical prostration are the natural consequences. It is the source of headaches, neuralgic, nervous complaints and unrefreshing sleep. The Liver becomes affected and generates bilious disorders, pains in the side, constipation, and dyspepsia. The Bowels sympathize by Costiveness, Diarrhoea and Dysentery. The principal action of these Pills is on the stomach, and the liver, lungs, bowels and kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum.
Are two of the most common and virulent disorders prevalent on this continent, to these the Ointment is especially antagonistic, its "moist" operation is to eradicate the venom and then complete the cure.

Bad Legs, Old Sores, and Ulcers.
Cases of many years' standing, that have put off treatment, have invariably succumbed to a few applications of this powerful ointment.

Eruptions on the Skin.

Arising from a bad state of the blood of chronic diseases, are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Female Complaints.

Whether in the young or old, married or single, at the dawn of womanhood, or the years of life, these tonic medicines display so decided an influence that a marked improvement is soon perceptible in the health of the patient. The Merchants' and Manufacturers' Jewelry Association

Calls your attention to the fact of its being the largest and most popular Jewelry Association in the United States. The business is and always has been conducted in the most candid and honorable manner. Our rapidly increasing trade is a sure guarantee of the appreciation our patrons have for this method of obtaining rich, elegant and costly goods. The sudden stagnation of trade in Europe, owing to the late German war, and the consequent financial crisis in Europe, has caused the failure of a large number of jewelry houses in London and Paris, obliging them to sell their goods at a great sacrifice. In some instances less than one third the cost of manufacture. We have lately purchased very largely of these bankrupt goods, at such extreme prices that we can afford to send away finer goods, and give better chances to draw the most valuable prices than any other establishment doing a similar business. OUR AIM IS TO PLEASE, and we respectfully solicit your patronage, as we are confident of giving the utmost satisfaction. During the past year we have forwarded a number of the most valuable prizes to all parts of the country. Those who purchase will receive the full value of their money, as no article on our list is worth less than one dollar retail. There are no hidden traps, no articles dealing with may depend on having prompt returns, and the article drawn will be immediately sent to you by return mail or express.

The following parties have recently drawn valuable prizes from the Merchants' and Manufacturers' Jewelry Association, and have kindly allowed use of their names.

HELMBOLD'S BUCHU.

THE ONLY KNOWN REMEDY

For these diseases, it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful of Helmhold's Buchu will relieve you.

PHYSICIANS AND OTHERS

PLEASE NOTICE.

I make no secret of ingredients. Helmhold's Buchu is composed of Buchu, Cabbages, and Juniper Berries, selected with great care, prepared in vacuo and according to rules of Pharmacy and Chemistry.

These ingredients are known as the most valuable Diuretics afforded.

A DIURETIC

Is that which acts upon the kidneys.

HELMBOLD'S EXTRACT BUCHU

ACTS GENTLY

Is pleasant in taste and odor, free from all injurious properties, and immediate in its action.

FOR THE SATISFACTION OF ALL

See Medical Properties contained in the Dispensary of the United States, of which the following is a correct copy:

"BUCHU. Its odor is strong, diffusive, and somewhat aromatic. Its taste is bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, morbid irritation of the Bladder and Urethra, diseases of the Prostate, and Retention or Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in Dyspepsia, Chronic Rheumatism, Cutaneous Affections, and Dropsy."

[DR. KEYSER is a physician of over thirty years' experience, and a graduate of the Jefferson Medical College and of the University of Medicine and Surgery of Philadelphia.]

MR. H. T. HELMBOLD:

DEAR SIR:—In regard to the question asked me as to my opinion about BUCHU, I would say that I have used and sold it in various forms for the past thirty years. I do not think there is any form of preparation of it I have not used, and I think it is the variety of diseases where such indicate agent would be indicated.

You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys, and the reputation it has acquired, in my judgement, is warranted by the facts.

I have seen and used, as stated before, every form of BUCHU—the powdered leaves, the simple decoction, tincture, fluid extract, and I am not cognizant of any preparation of that plant at all equal to yours. Eighteen years experience certifies me of the rightness of the use of its merits, and with it, with prejudice or partially, I give your precedence over all others.

I value your Buchu for its effects on patients. I have cured with it and seen cured with it, more diseases of the bladder and kidneys than I have ever seen cured with any other proprietary compound of whatever name, or any other Buchu.

Respectfully, yours, &c.,

What the less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific Coast. The thousands annually received and cured place it in point of number of patients among the very first of the world, and the success of its treatment ranks it second to none in the treatment of the most difficult cases.
